

*Responses to questions:*

**Q1.** On page 12, it states that the TFC program must "regularly administer outcome measures, at a minimum of every 90 days." Does this refer to provider-produced outcome measures or DHR-generated measures?

**R1.** Providers can track outcomes using their own measures for their purposes; however, DHR is developing outcome measures that must be tracked and submitted to State DHR. The frequency of these reports will be determined by SDHR.
